25X1 Jüterbog

 An extremely large summunition depot, containing all types of ammunition, is located there.

2. Rauen

All houses, barns, etc., in one of the new quarters of Rauen were evacuated of their inhabitants on approximately 20 February 1947 and then used as a depot for ammunition, mainly heavy artillery shells, which were brought by truck and unloaded over a period of several days.

25X1 Liegnitz

3. A Russian Line of Communications headquarters, commanded by a General, is located in Liegnitz. No armor or mulitary trucks of any kind apart from a few requisitioned civilian vehicles were observed in the town, but much heavy duty military transport was noticed.
